From Desktops to Drones

Dr. Sandra Bassendowski, Dr. Pammla Petrucka, and Ms April Mackey

College of Nursing

University of Saskatchewan

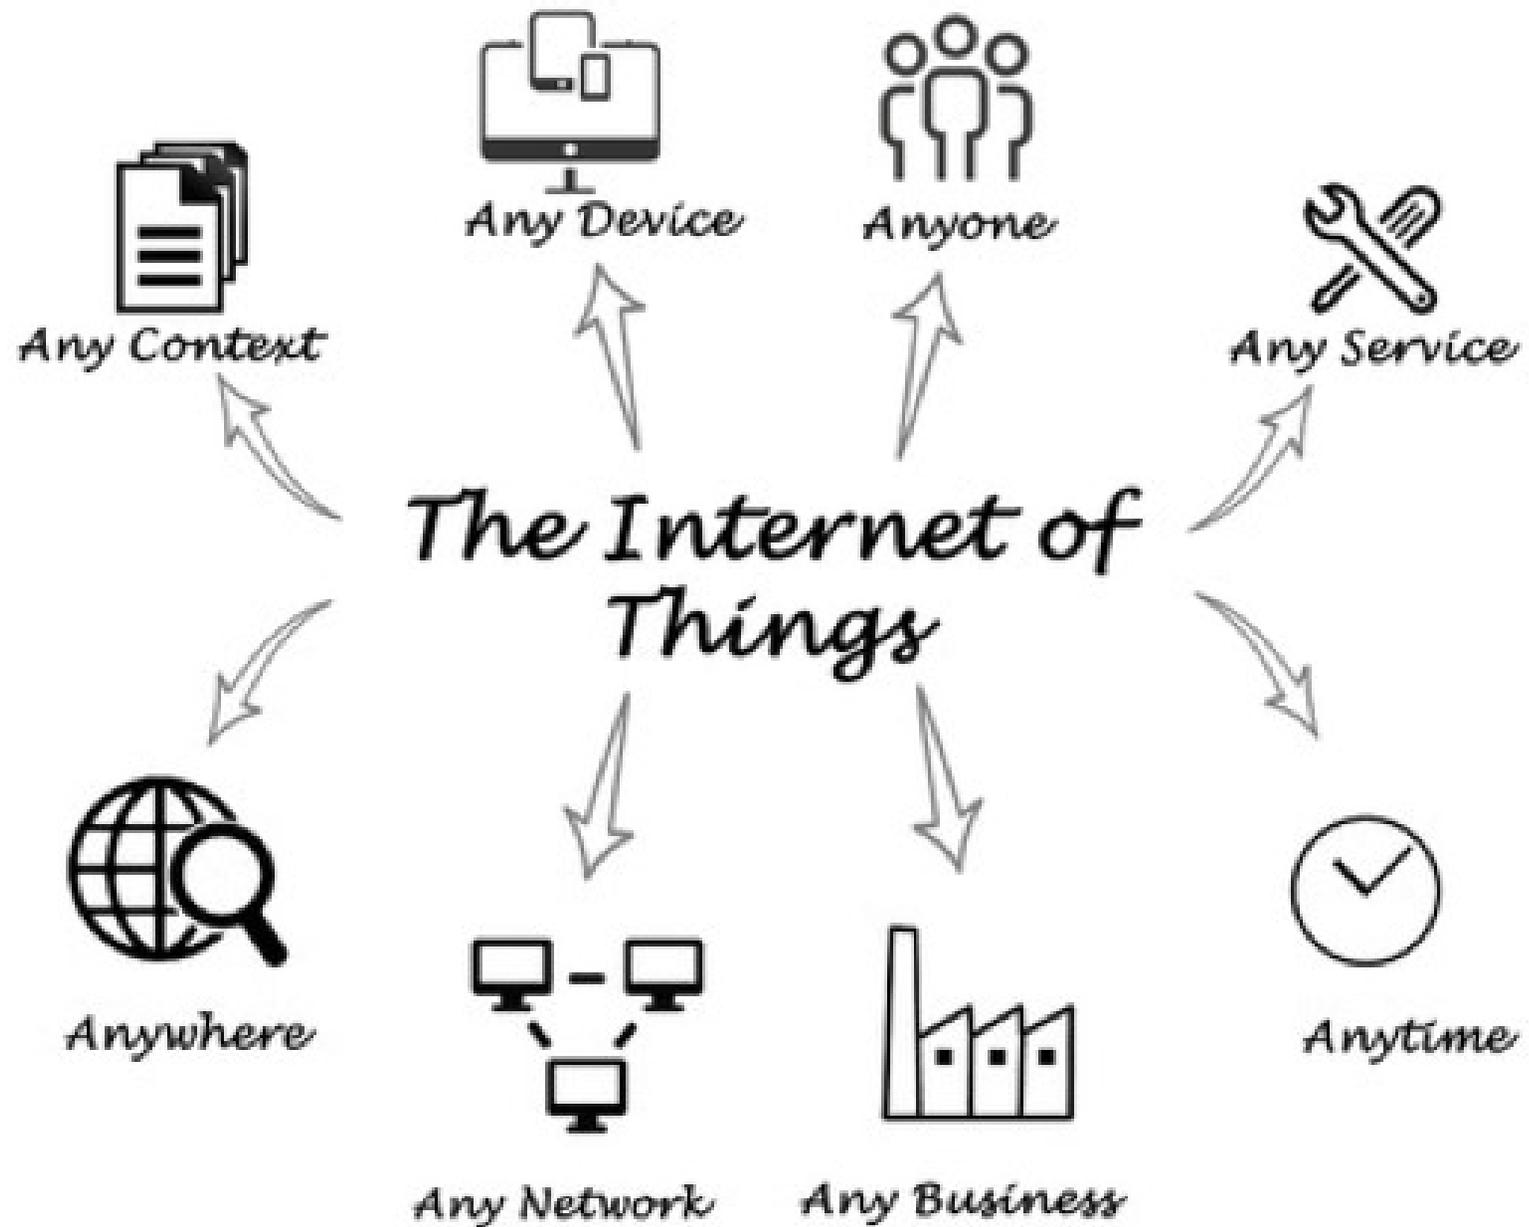

June 28, 2018

nursing.usask.ca

Your personal appearance, your
dress, your make-up, your grooming,
your habit and hair style are the
first windows which advertise,
as all show windows do, the stock
of goods inside.
Clara Luetow Burdick

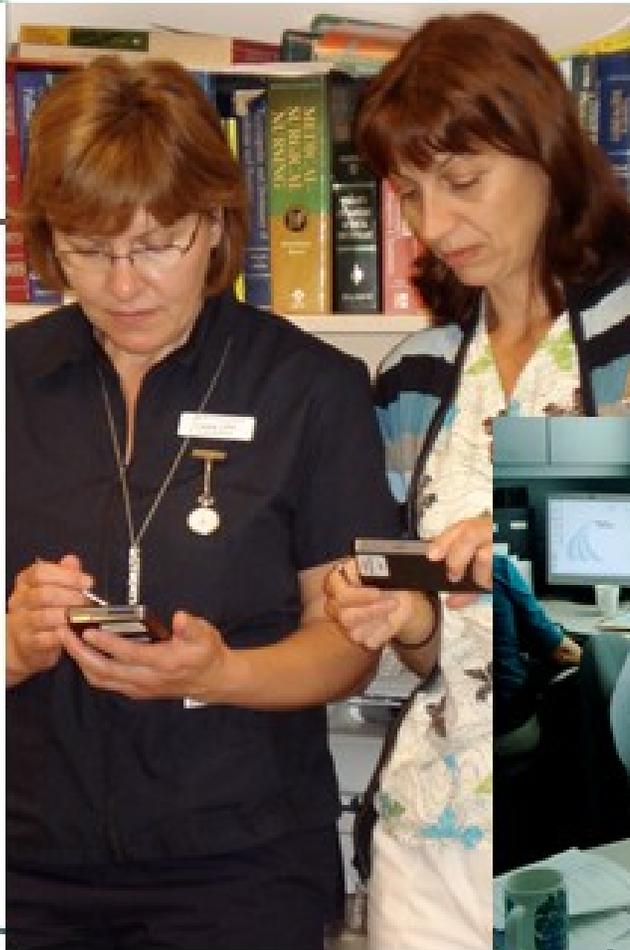

Key Determinants of Health

- Income and Social Status
- Social Support Networks
- Education and Literacy
- Employment/Working Conditions
- Social Environments
- Physical Environments
- Personal Health Practices and Coping Skills
- Healthy Child Development
- Biology and Genetic Endowment
- Health Services
- GenderCulture

Staff at All Nations' Healing Hospital

Options for teaching

Pedagogy first- then the tools of technology

- Facebook
- Instagram
- 5 card Flickr
- Blogs: <http://digital-nurses-sk.blogspot.com/>
- YouTube
- Apps and programs...

<https://todaysmeet.com/>

- Give the backchannel a try and answer the question

<https://kahoot.it>

- Log in and answer the questions
- See how you do in comparison with the other participants

Drones

- Planetary Health: using drones in Eastern Africa to determine where situations are occurring – drought, poisoning of animals, changes in migration

I have an avatar – what do I do
with it?

Summary

- Think about how apps and programs can be used to support your nursing practice and your clients
- Consider the privacy and copyright issues
- Get assistance from someone who is skilled with technology and apps
- Try it!

Questions and comments
